What Makes us Fab!

We're the photographers that are just that little bit different. From the latest fashion style to reportage, colour and mono, we're at the cutting edge of the latest trends in imaging.

We're experienced magazine editorial photographers... not a traditional, old-fashioned high-street photographers or impersonal national chainstore.

We're the only photographers to shoot on the highest-quality equipment using the right lighting for every occasion - from natural light to full fashion-style studio set-ups to ensure your day is captured beautifully.

Professional, high-quality magazine-style retouching from our experienced designer means you'll always look your best. And our designer can work with you to design your perfect storybook album.

Some of the world-famous publications that chief photographer Adam Duckworth has worked for over the past 20 years include The Sunday Times, The Guardian, FHM, Heat, ZOO, Motor Cycle News, CAR, Golf World and many more.

AbFab Reportage weddings... the stylish modern alternative at just £1895 (including VAT).

For the thoroughly modern couple comes a new way of capturing your Big Day - as beautifully and natural as possible.

Our chief photographer Adam will be on hand to cover your day in a natural style with shots that will take your breath away. Of course, we will take some formal group shots if that's what you require, as well as some more romantic images of the happy couple.

Adam will spend up to 10 hours at your wedding and record the events as they unfold. Up to 300 of the best images from the day will be retouched to make you look your best, and you'll view all these on a website and you'll also get them on a DVD show to watch on your own TV. Plus all the high-resolution files on a disc for you to make your own prints or albums.

Of course, we also offer a range of prints, albums and coffee table books, all professionally designed for you, as optional extras at an extra charge.

If there's anything else you'd like, or to make your own custom package to include such extras as a second photographer, just call us for a chat. We're on **01933 681699** or **07766 257130**.

AbFab STORYBOOK Weddings – the complete packages for the grandest weddings

We offer a choice of two all-inclusive packages, both including complete coverage of your big day by our chief photographer Adam Duckworth, with no hidden extras.

- The STORYBOOK package is **£2895**. That includes a professionally-designed storybook-style album featuring up to 80 pictures in your choice of either leather-bound, hand-made reportage album or beautiful printed coffee table-style photo book. Everything you need!
- The PLATINUM STORYBOOK package is **£3495**. That includes a professionally-designed storybook-style larger size album featuring up to 80 pictures in your choice of either leather-bound, hand-made reportage album or beautiful printed coffee table-style photo book. Plus all your high-resolution pictures on a disc to make your own prints, and six matching 7" x 7" hardback mini books of up to 80 pages. Everything you need!

BOTH packages include:

A pre-wedding consultation with a photographer to talk through details of the style of pictures you want... from traditional colour to classic mono reportage...and to discuss any special instructions. It's your day and we're here to make it fun and memorable.

Our top photographer Adam and a second photographer all day... from the bride getting ready, shots at the church and reception, speeches, cake cutting, right through to the dancing. We often set up studio lighting outdoors to capture your day with ultimate style.

And we can even set up a mini photobooth-style studio at your reception for unique, beautiful pictures of you and your guests with a real fashion edge. It's great fun and will make your wedding truly memorable and costs just £299.

All our packages include unlimited photos taken throughout the day. And up to 400 of the best, professionally retouched to make you look your best, presented in a large-sized keepsake proof book for you to treasure and select your favourite pictures for your main album. And we also supply all these on a DVD for you to enjoy and keep.

For both STORYBOOK packages, our designer will design and produce a handmade, top-quality album filled with your favourite images that tell the story of the day. We only use the finest printed photo books, or traditional British-produced albums. Or you can have a larger book with ALL the best photos of the day at extra cost. It's your choice.

Parents albums or printed books, copies of your pictures on DVD, framed enlargements, canvas wrap prints, thank-you cards and more are all available at realistic prices.

And to get to know how we work, we offer a FREE pre-wedding/ engagement portrait shoot for the happy couple at our studio! Or why not have a post-wedding shoot, so we can capture you and your dress in a series of amazing fashion-style photos.

Our studio is based in Northamptonshire but we'll travel to you.

The AbFab Wedding Experience

- If you like our style, we'll visit you to show you our work and discuss your needs. If you decide you like the unique Ab Fab approach – and we hope you will – you can make a booking. We charge a deposit of £500, with the balance payable two weeks before the big day. At this pre-wedding consultation, we'll talk through details of the style of pictures you want and discuss any special instructions.
- We'll talk again before the wedding... ideally at your free (but optional!) pre-wedding/engagement shoot (**Storybook Packages only**). This is a fantastic chance for us to get to know each other a little better, for you to become comfortable in front of the camera and for us to discuss the finer details of your day.
- On your big day, we'll be there from the bride's preparations right through the ceremony, speeches and the dancing! (For up to 10 hours)
-
- After the wedding, your images will be delivered to you in a beautiful keepsake book. This is a Complete album of the day, telling the whole story of your wedding. From this, you can choose your favourites to be used in your main Wedding Album. (**Storybook Packages only**).
- We use the best printed photo books or top-quality, leather-covered albums with hand-cut window mounts. It's your choice. And we can offer mini-books for friends, family or parents.

- Within six weeks of getting your Complete proof album (**Storybook Packages only**), we'll liaise with you for your choice of pictures. Our designer advise on your selection of images and how you wish your Wedding album to look and feel. The story of your day will be laid out in page spreads in a logical sequence that flows with interest and variety. We'll then deliver a proof of how your finished Wedding Album will look for your approval. This should take no longer than two weeks. Delivery of the final Wedding Album will then be within a month.
- Once you have seen your images, we will make them active on a password-protected website for your family and friends to view. Unless you want them up as soon as possible so you can view them yourselves from abroad or anywhere!
- Through the website, guests can view images and order reprints. This removes the headache of the couple "doing the rounds" and collecting and distributing orders.

If you would like to talk further, simply give us a call, and we can have a chat about your wedding plans, and tailor the service to suit you – remember it's YOUR day, YOUR way.

Although we are based in Northamptonshire, we are happy to travel to other locations throughout the UK and abroad – please call for further information. An additional travel fee may apply for venues over 50 miles away.

Frequently Asked Questions

How do we book AbFab for our wedding?

Call us on 01933 681699 or 07766 257130 for a no-obligation chat. We'll visit you at home and explain what makes the Ab Fab experience so different. If you book, we require a deposit of £500.

How many photos do you take during a typical wedding?

Hundreds! We edit down to show you the best. Typically for Storybook packages, you'll see 400 photos to make your choice from. Sometimes more.

How long are you at the wedding for?

We usually begin with the bride's final preparations at home, and if there's time nip off to catch the groom in the pub. Then to the ceremony, through the wedding breakfast and on until the first dance. We're usually there for up to 10 hours. But it's your day – we'll photograph what you ask us to. The Reportage package also includes up to 10 hours of coverage.

How soon after the wedding can the bride and groom expect to see the pictures?

It usually takes up to two weeks. Every picture is worked on by our retoucher to make sure you look your best. You'll will get a printed book with all these pictures as a keepsake, and for you to choose your favourites for your Wedding Album. (**Storybook Packages only**).

What shooting style do you use?

For the Storybook packages we typically we shoot a mix... from more candid, reportage-style photos, some of the more traditional posed formal photographs plus we often run an outdoor or indoor studio set-up at the reception for some unique, high-quality images. At some point during the day, we will also slip away with you for a few quiet moments. It's time for you to catch your breath and to catch some romantic quiet images for your album. Crucially, we aim not to get in the way. It's your wedding day, not an exclusive photo shoot! The Reportage package is a more natural way of shooting a wedding with just one photographer, but a limited amount of studio-lit photographs will be taken subject to photographer's time on the day.

Can you do specific formal photos?

Of course. Just ask! It's useful to have a specific list of all the formal shots you require prior to the wedding. But we'll be as flexible as possible on the day. For the Reportage package we'll do a very small amount of formals to be agreed beforehand.

Do we have to have a pre-wedding/ engagement shoot?

No. But it's fun and we'll get to know each other a little better before the big day. (Available at extra cost for Reportage package)

How soon after the wedding will we get our finished Wedding Album?

The complete proof album is usually delivered within four weeks. After that, if a couple choose their pictures quickly, it can be within six weeks. We ask couples take no longer than six weeks to choose their pictures.

Can I pay in instalments?

Yes. As long as the balance is paid two weeks before the wedding.

At the reception, are the bride and groom expected to make arrangements to feed the photographer along with the other guests?

No. We're there to work for you, not join in the dining! We would not want to think that a wedding guest or two might have been left off the wedding couple's list so that they could accommodate feeding the photographer!

Can all of our pictures be posted online? Can we have a CD with the web images? Can we have a DVD of our pics? Can we have big enlargements or canvas wraps? Or other fine art prints? Parents albums? Thank-you cards?

Yes, yes, yes, yes, yes, yes, yes! If what you want isn't in our standard price list, just ask!

What type of albums do you offer?

Fine-quality, hand-made, leather-bound reportage albums. Or the very latest contemporary magazine-style printed books.

Do you offer engagement photography?

Yes, it's free and included in your wedding package (**Storybook Packages only**).

Are you fully insured?

Yes!

Can I upgrade to my package at a later date?

Of course. It's possible to upgrade from Reportage to Storybook up to a month before. And it's possible to upgrade from Storybook to Platinum Storybook at any time. We shoot the same photos and retouch the best for every wedding. You can upgrade after you've seen your pictures.

What if the price goes up between booking and the date of my wedding?

We always honour the price stated at the time of booking. So you'll not have any nasty surprises!

Can you sum up the AbFab experience?

Creative, magazine-standard photography from a professional team. We're flexible, relaxed and friendly, and try to not get in the way.

Our Storybook Wedding Service at a glance:

- Around 300 images to keep in a beautifully-presented book.
- Hand-made Wedding Albums or Books with your favourite pictures.
- Up to 10 hours coverage time
- Pre-Wedding shoot, on location or in the studio
- Secure online album for both your wedding and your pre-wedding images.
- There's nothing more to pay than our standard package prices. Unless you want optional extras.

Hope to hear from you soon!

Adam Duckworth
Chief Photographer
